

Peshawar

Peshawar is one of the oldest cities of the world and is the capital of Khyber Pakhtunkhwa. It is situated near Khyber Pass and links Pakistan with Afghanistan.

Peshawar gets its name from a Sanskrit word "Pushyapura" meaning the "City of Flower". There are many bazars in Peshawar. Kosa Khawani bazar is the most interesting of all.

By the time, indeed man is in a state of loss, except those who believed and did righteous deeds, and exhorted each other follow truth, exhorted each other to observe patience.

Punjab's School Education **Program**

- 25M+ children - one of the largest programs in the world
- 2nd largest - public sector entity in Pakistan (~600K employees)
- ~400,000 teachers - across ~50,000 public schools
- 40% of Punjab - in terms of Budget and HR
- 12.1M students - enrolled in public schools

A very busy **Department**

- According to estimates, 90% of SED's time is spent on HR related activities (Recruitment, Promotions, and Transfers)

Of the 90%, almost 60% is spent on transfers and postings

That's 142 days a year!

Keeps everyone busy – teachers, DEAs, SED, and CM Secretariat.

Huge Processing **Overheads**

- 100,000 teachers apply for transfers every year
- ~50,000 teachers were transferred by SED last year
- ~ 100 Approving authorities across 36 districts

Marred by long queues, and high dependency on clerical staff.
Extremely cumbersome and “Safarish-prone”

The current mechanisms for teacher transfer are unsustainable, and must be made efficient, transparent, and convenient for all.

“Technology can play a transformative role”

Key objectives of the **eTransfer system**

- To make the transfer process transparent and merit-oriented
- To make the transfer process systematic, credible, and reliable
- To minimize human interference, favouritism, and tackle corruption
- To enforce stipulated timelines (during summer break)
- To help avoid frequent transfers all year round

Procedure for Online **Transfer Applications**

- Transfer/Posting will only be done online, via the eTransfer App.
- Once transfer applications have been submitted, the eTransfer system will auto-generate waitlists of applications for each school – and post it online.
- Teachers can raise objections against his/her own rank in the waitlist, or that of others.
- The concerned transferring authorities will have online access to review, approve, or reject received applications based on waitlist order.
- The concerned transferring authorities will get verification of the documents from concerned issuing authorities.
- For approved applications, Transfer Orders with QR-Code will be auto-generated from the system – for applications that meet all criteria and documentation authenticity requirements.
